

From the Office of the
PRESIDENT

Hossam,

Your dedication to student success has not gone unnoticed. So much so that you were selected by our students as a Student Champion.

Congratulations!

We know that when students feel connected to their instructors, classmates, and advisors, they are more successful and have a positive mindset about their ability to achieve their goals. That is why we asked students this past academic year to submit the names of faculty and staff members they believe went above and beyond their duties to provide exceptional or critical support to them this year. You were among those cited for your efforts!

The efforts you made to give students a sense of belonging and confidence in their pursuits are vital to our university, and we want to sincerely thank you for demonstrating that commitment. Faculty and staff members like you are what make us a premier, metropolitan university and ensure that UofL is a great place to learn.

We will formally recognize your contribution with a digital certificate that will be emailed soon to your university email account by the Employee Success Center.

Thank you, Hossam, for being a Student Champion!
