Advisory Boards

In this section

+

The Delphi Center for Teaching and Learning at the University of Louisville delivers expertise and resources to be a leader in fostering educational excellence and teaching innovation.

In our pursuit to align our mission with the needs and experiences of our educators, students, staff and community, the Delphi Center will be developing advisory boards. The members' insights for the faculty, student and strategic planning advisory boards will be key to informing the Delphi Center's strategic decisions and initiatives.

Faculty Advisory Board

The Faculty Advisory Board of the Delphi Center for Teaching and Learning provides a representative faculty voice of input on the holistic online strategy and teaching innovation work for the Delphi Center. The board comprises representatives from each of the colleges/schools of the University of Louisville, as well as type of instructor whether they are part-time, full-time or GTAs, as well as teach online, in-person or blended learning.
